THE LABORATORY SCHOOL
LOUISIANA STATE UNIVERSITY
FOREWORD

We, the editorial staff, feel that it is fitting to leave behind us an expression of appreciation to those who have helped us at University High. Our aim has been to leave a written record of one of the most wonderful years of our lives. This year—our traditions, our standards, and our most worthwhile accomplishments—we present to you in the 1957 CUB.

This is our Alma Mater; this is our school. We will be loyal; we will be true. Now we are with thee; now we are near; still in the future we will love you.

Forward you send us; forward we go. We will remember; we will know. Your halls inspire us; your halls we bless; and in our hearts we hold thee, U.H.S.

To a well-loved and respected friend, Miss Mary Loup, the yearbook staff dedicates this 1957 CUB. Miss Loup has taught us to be satisfied with nothing less than our best, and has given us an example of fairness, understanding, and patience we will remember forever.

TO OUR SPONSORS

We of the senior class wish to thank Mr. Crawford and Miss Allen for their aid and direction during the past year. With amazing patience they have borne our noisy homeroom meetings and excited arguments, and, though at times we seemed ungrateful, we realize the bother we've been and deeply appreciate their standing besides us.

HI-Y

Sponsored by the Young Men's Christian Association, HI-Y is a fellowship and service organization for high school boys. Besides working together on civic projects, HI-Y members take part in various social functions—hoyrides, parties and “Y” programs. Another important aspect of HI-Y is group worship, which forms a part of every meeting. University HI-Y has been prominent at both state and national conventions and is recognized in Baton Rouge for its service to the community. HI-Y membership is open to any boy interested in the club’s worthwhile activities.

KEY CLUB

This organization for high school boys is devoted to service of school and community. A member of Key Club International, our chapter is sponsored by the Capitol City Kiwanis Club and joins in many of its projects. University High Key Clubbers have held offices at the district and state levels, and Richard Lippay of this club was elected International Trustee. In accordance with its motto “We Build,” Key Club strives, through its activities, to develop qualities of good citizenship.

Y-TEENS

This girls' club is the teenage branch of the Young Women's Christian Association and holds its objectives after those of its senior organization. The Y-teens participate in many community service projects and often attend church as a group. The club's activities offer girls Christian fellowship, opportunities for useful service and for developing good citizenship, and experience in working and sharing together. The U-Hi group is very active in Baton Rouge and has won the city membership trophy for two consecutive years. Y-teens welcomes any high school girl who wishes to join.

FHA

The Future Homemakers of America offers to any girl interested in homemaking an opportunity to further her interest and gain skill in many phases. Members of the club do this by working toward degrees of proficiency in homemaking and by taking part in programs and projects sponsored by F.H.A. Some of the University High chapter's projects this year have been a style show, a banquet, and a cake-baking contest. Members of our club hold offices in both the district and state organizations and are prominent at F.H.A. conventions.

U-CLUB

The U-Club is an honorary organization composed of lettermen in varsity sports at University High. Annually the club sponsors "coon season," when the new members are initiated. During this week the "coons" must do the bidding of their masters, the active members, in order to prove themselves worthy of membership. The U-Club also organizes intramural sports programs and many social activities.

G.A.L. encourages high school girls to participate in athletic activities outside of regular physical education classes. All University High girls are members and are divided into two teams, the Black and the Gold. These teams oppose each other in tournaments organized by the League. From G.A.L. activities, the members gain greater skill in various sports, better health from outdoor exercise, and the valuable experience of competing with fellow athletes of their own age.

CUB EDITORIAL STAFF

The staff owes many thanks to those who have helped to make this book possible. Without the advice and encouragement of Mr. Block the yearbook could not have gone to press. Our photographers, Gary Frank Owen, W.D. Atkins, and Richard Lipsy, contributed an indispensable part to the annual, generously giving their time, effort, and co-operation. Our thanks go also to the students who brought snapshots, the friends who lifted our morale at trying moments, and to the business staff and Mrs. Seab for the hours of hard work spent managing our financial affairs.
