Through the eyes of THE CUB

2003
Congratulations to the class of 2003! Truly, this year's senior class will long serve as a model class for all the others that follow you. From your commitment to community service, your remarkable success in music, athletics, drama, and debate and the accolades you have received at the Model UN and the state literary rally, the Class of 2003 has done much to make all of us so very proud. I am especially proud of those of you who accepted the challenge of the International Baccalaureate diploma program. I know that the knowledge and attitudes you have acquired from this new program will serve you well for the rest of your lives.

These are exciting days for our great school. When you underclassmen return in August, the new middle school wing will be ready—and shortly after that a new, much larger and modern cafeteria will open. In the years ahead, our younger students will be able to gain from many other improvements in the school's facilities—from a renovated high school building and auditorium, to new locker rooms and a wellness center and dance studio. And, in the near future, our younger students will be able to enjoy the International Baccalaureate's Middle Years and Primary Years programs.

Our school will continue to lead this state as a model of excellence in every way and, as a result, you, our students, will continue to be among the most fortunate of students in this state, if not the nation.

As I prepare to move onto the International School of Amsterdam, I do so with both anticipation for all the new opportunities awaiting me and nostalgia for the many people who have made my years at the Laboratory School so very special. The past seven years have been among the most memorable and rewarding of my professional career. For that, I thank each of you for making it so.

My one hope for each of you is that you will take advantage of all that this great school has to offer so that you will be prepared to follow your dreams. Be brave and resolve and follow your hearts—and remember to dream big. You will never regret it.

Thank you for making my years with you so rich and meaningful. I will remember you and this special place called the Lab School for the rest of my life.

In fondness and appreciation—and with sincere wishes for happiness in your future.

Congratulations to the Class of 2003! Seniors, we will miss all of you. Thanks for all the times you have shared with us and with the students in the elementary division. You have been exemplary role models. We are especially proud of your academic and athletic achievements. You are certainly a source of pride for our school. Our best wishes go with each of you as you embark on a new era and seek to fulfill your dreams. We hope you will continue to visit us in the future and become active alumni members.

Sincerely,
Dorothy Rumfelow

Congratulations to the Senior Class of '03 and to every Cub for an excellent school year. Once again our school community, from kindergarten to 12th grade, has had a busy year making wonderful memories for a lifetime.

Academically the Lab School continues to grow, with new electives and new programs. This year our first International Baccalaureate Diploma class graduates. We have implemented the IB Primary Years Program, and in August 2003, we will begin implementing the IB Middle Years Program. These accomplishments position the Lab School to be the leader of educational innovation in elementary, middle, and high school education in the State of Louisiana.

We are proud of the Lab School's co-curricular activities as well, including class and club activities, pep and concert bands, choirs, cheerleaders, dance team, and 14 varsity sports. This is a busy place with great a tradition. Rarely do we slow down to catch our breath!

Finally, I offer my congratulations and sincere "Thank you" to the staff of The Cub for their dedication, hard work, and another fine yearbook. Go Cubs!

Lawrence Duda, of small body and wearied mind and body, do hereby will: the girls basketball team another amazing season. So Kate tri the ability to take the place under Captain, my own of the chair, and of course start to sing. Me too. Yes! To, Jane the ability to make it in much for U-High as U-High and I do.

Robert Schott, being of a sickly-knock mind and lanky body do will: Went Staphers another years to rest. Save the ability to give up in 15 times past, make everything to please others and to rest a new job to coach. Mom and Grosso and Georgiana an 1868 body.

Ashley Klemper, of emotional child and unembarrassed body do hereby will: the "D.C. Variety" entertaining square the ability to have a magnificent season fall of autonomous and Kai a stereo from a year. My good a new body and Chandler a new year, Columbia one more 1866 year, the senior class in less up to standards and our better, Simon, three more years of U-High. Thanks more and for your talent.

Mitchell Neapol, of a Van Does body and a bulging Hobbled, will: Strawberry, Polygamy and Roger a good time at and off house.

James Spencer, being of nutty body and nutty body, will: Sarah Krupke some more seasons to go out with and Mary Michael is happy and keeps the marriage to Richard.

"Finish each day and be done with it. You have done what you could; some blunders and absurdities have crept in; forget them as soon as you can. Tomorrow is a new day; you shall begin it serenely and with too high a spirit to be encumbered with your old nonsense."
-Ralph Waldo Emerson
Editors' Page

After more than a year of seemingly unending work and more than a little stress, it's finally finished: 204 pages for the second year in a row! We would like to thank the yearbook class for all their efforts, and Mrs. Young and Mrs. McGehee for their guidance and the ride to the cover planning workshop. The Cub wouldn't have gotten off the ground without everyone's help. We would also like to wish the senior class good luck with their book next year, may it exceed your expectations, and don't let them talk you into bleeding anything! Thank you for all your support this year, it's been a lot of fun working with everyone.
