Director’s Message

As you read and reread this book through the years may you be flooded with pleasant memories of your years as a Cub. The Laboratory School is a special place and its students are special as well. Wherever life may take you will be determined to some extent by the educational opportunities afforded you here.

My hope for you is that in your future the road will be smooth, the sun warm, and a pleasant breeze will be your constant companion.

Sincerely,

In 2003-04 the elementary division of the Laboratory School continued to lead this state as a model of excellence through implementation of the International Baccalaureate Primary Years Program. This year our division served as host to teachers from all over the United States. We owe much of this to the dedicated and caring faculty and staff. However, we could not have done this without such supportive parents. We appreciate your time, patience, and support. We all feel fortunate to have had the opportunity to work with your children.

Congratulations to the Class of 2004! Seniors, we will miss all of you. Thanks for the times you have shared with us in the elementary division. You have been great role models. We are especially proud of your academic and athletic accomplishments. Our best wishes go with each of you as you embark on a new era and seek to fulfill your dreams. We hope you will continue to visit us in the future and become active alumni members of the University Laboratory School. We need your continued support.

To the Cub staff--You have done an excellent job of recording our memories. Thank you.
GO CUBS!

Sincerely,

Dorothy Rumfellow

Venture

The Venture Crew is a club for students who have an enthusiasm for outdoor activities. It is an organization supported by the Boy Scouts of America, and it provides its members with opportunities to develop leadership skills, cultivate a passion for the outdoors, and increase environmental awareness. Some of the activities open to members include rock climbing, canoeing, camping, and hiking. The Venture Crew is a student-run organization, and the students are free to choose the activities that the club undertakes.

Congratulations to the Senior Class of '04 and to every Cub for an excellent school year. Once again our entire school community, from kindergarten to 12th grade, has had a busy year making wonderful memories for a lifetime. This is a particularly bittersweet farewell as the Class of '04 and I have a special bond and I will miss you all dearly.

Academically the Lab School continues to grow, with new electives and new programs. Our International Baccalaureate Diploma Program continues to grow, with more diploma candidates and certificate students. We have applied for affiliation with the IB Primary Years Program and the Middle Years Program. These academic accomplishments position the Lab School to be the leader of educational innovation in elementary, middle, and high school education in the State of Louisiana.

Our physical plant has grown as well. We have a new middle school wing, additional classrooms for the elementary school, an expanded and remodeled library, and a new enlarged cafeteria. Next year more big changes come with the renovation of the high school wing. The future plans for our physical facility are extraordinary and give us reason to be excited about the future.

We are proud of Lab School's co-curricular activities as well, which include: class and club activities, pep and concert bands, choirs, cheerleaders, dance team, and 14 varsity sports. This is a busy place with great tradition and yearly do we slow down to catch our breath.

Finally, I offer my congratulations and sincere thanks to the staff of The Cub for their dedication, hard work, and another fine yearbook. Go, Cubs!

Arts, Spanish, but really LHS is a
nursing NC just happens to be my
life, friends & all things Dallas are
what I stand behind in science & in
teaching my pride is following the
LHS motto the best minds in the
world, but overall is the friends
and people in general & jackets hats,
my peers' pranks & interactions,
how punning someone being a
work & really enjoy my time in the
football or what currently the
teachers. THIS WILL make
me laugh and I will enjoy it all
some of times. But I'll half enjoy
all the way - Unknown

201
I can't believe that it is finally finished; all 203 pages of The Cub are done! It is certainly about time. Despite the long hours and endless computer problems, this past year has been fun. (Die, WORM!) Thank you to all yearbook staff members, especially yearbook-two members: Megan, Kate, Katy, Heather, and Jenny. We definitely could not have done it without you guys. An extra special thank you to Mrs. Young and Mrs. McGehee for your guidance and putting up with a class full of 21 hungry teenagers. As I look back, I can't believe that we actually finished this yearbook. We actually made it through the computer crash of 2004, which seemed impossible at the time. Thank you and good luck on next year's yearbook.

Kyle, Congratulations!!
We Love You and wish you luck!
