It can't be helped. When we remember the 2005-06 school year, we will remember Hurricanes Katrina and Rita. Rather than solely the destruction and loss, I hope my memories of this time will be of each of you students, faculty and staff, how you held yourselves together with such poise, and how you helped others with such generosity and compassion. Of course, we will remember the evacuees—those who joined us for a short time, and those who stayed. And we will remember how, when so many students across south Louisiana and the entire Gulf Coast lost their homes and schools, we realized what a treasure we have here at U-High.

After such a stormy beginning, one might expect a trying school year, but you excelled. Congratulations to all of our students, faculty and staff for another successful, exciting and fun school year. A very special thanks to the Cub staff for the hard work and many hours spent to provide us with this wonderful memento of an extraordinary year.

To our Senior Class of 2006, the first graduating class to enjoy the superb learning environment of the newly remodeled high school academic wing, you know how jealous the Class of 2005 was (and is) of you. Your parents and teachers have done their very best to help prepare you for your future. The rest is up to you, but I know you will persevere. Stay in touch with your alma mater and know that you are missed.
Retiring Teachers

Avril Font
I've been in education 43 years. I started teaching in England, then Wales, Hong Kong, and Louisiana, Wisconsin, Louisiana. I was administration and other areas not in the classroom, but I always want back when my heart is in the classroom.

Wendy Willis
I have taught for 20 years—23 in kindergarten and 12 years at the Lab School. My last words to everyone—smile, be kind, and go slowly.

Cile Shetler
I have been teaching a total of 39 years, 18 of them at the Lab School. I was a music teacher here in 1966. I've taught every grade from Kindergarten to 12th grade since then. I've never worked here because of the great students and wonderful parents. But now I plan to travel, to volunteer, to exercise more, and take time to do weekend things everyday.

Thelda Adams
I have many fond memories of the Lab School but think of one of the greatest was when it was proclaimed, "We all have talent in our books!" I am to attend a retirement party in February. I am excited about the change. I look forward to spending more time with my family and friends. I have been teaching for 35 years. I plan to travel and spend more time with my grandchildren.

Emily Young
I have been teaching for 27 years. I taught the first two years, and then I taught in kindergarten and first grade at the Lab School. I have taught in the second grade at the Lab School before. I taught in the third grade at the Lab School before. I taught in the fourth grade at the Lab School before. I taught in the fifth grade at the Lab School before. I taught in the sixth grade at the Lab School before. I taught in the seventh grade at the Lab School before. I taught in the eighth grade at the Lab School before. I taught in the ninth grade at the Lab School before. I taught in the tenth grade at the Lab School before. I taught in the eleventh grade at the Lab School before. I taught in the twelfth grade at the Lab School before.

Mary McGeehee
I have been teaching at the Lab School for 30 years. I love teaching at the Lab School. It has been a wonderful experience for me. I have enjoyed being a part of it, and I have enjoyed working with wonderful young people. I wish the Class of 2020 all the best. I wish you all the best. I wish you all the best.
Congratulations to the Class of 2006 on a great school year! Seniors, we will miss all of you. We are especially proud of your academic achievements and the fine colleges you will be attending in the fall. We appreciate all you have done to help the Elementary Division faculty, staff, and students this year. You have been exemplary role models to our young students and we appreciate your efforts. We hope you will continue to visit us in the future and become very active alumni members. Our best wishes go with each of you as you seek to fulfill your dreams. May they all come true!

Sincerely,

[Nature P. Rumsfellow, Principal]

A yearbook is more than printed pages, clever sayings, and photographs. It is, in a real sense, a record of memories — your memories — the memories you hold both individually and in common as the Class of 2006 of University High School. It is my sincere wish as well as the wish of the faculty, staff, and administration that those memories are pleasant ones: ones which you will cherish throughout your life. We trust these days at University High School have been enjoyable as well as filled with learning and growth. You have received an education that will serve you well throughout your lives, and the memories within these pages will serve you in those quiet moments when you turn your thoughts back to your days spent with us.

On behalf of the faculty, staff, and administration, I wish you health, happiness, and success throughout your lives.

Go Cubs!

Sierra Club

The U-High Sierra Club is part of a broad network of high school and college students from around the country working to protect the environment on the local, regional, national and international level. Here at our school we are working to foster a better understanding of our local environment. We are actively involved in projects to boost recycling, stop the spread of invasive plants and control litter on campus. Our last field trip was to help out with Habitat for Humanity and to kayak on LSU lakes. Our next trip will be an overnight campout near Lake Martin. Our club motto says it all: "Explore. Enjoy. Educate."

Crew Club is new to JHS. We started the club because we felt that we were not utilizing the LSU Lakes to the maximum benefit. Crew Club talked to students and found that there was genuine interest in starting a new group. Besides skill, the club also learns the importance of a team's learning to work together as a single unit. It is the only coed club sport on our campus.

In spite of all of the difficulties, all 208 pages are finally finished! After a long and exhausting year of hard work, our
efforts have finally paid off. We would like to thank Mrs.
Young for all of her patience (haha) and encouragement
even when we were behind schedule. Most importantly, we
would like to thank the 2006 yearbook staff, because with-
out them there would be no yearbook. A special thanks to
Angelle, Morgan, Camille, Keith, and Katherine for hanging
with us even after school was out for the year. Good luck to
next year’s Cub staff; may you not have to deal with another
Katrina. Thanks, U-High.

P.S. We hope that next year you will have the new
computers you so desperately need!
