VOLUME 69
UNIVERSITY LABORATORY SCHOOL
BATON ROUGE, LOUISIANA
Another year has come and gone. Each time you look over the 2009-2010 edition of The Cub I trust it will bring back fond memories. My special thanks to the yearbook staff and Ms. Tarver for her sponsorship. Your time and effort throughout the year is absolutely essential to providing for an account of the year past, and as time goes by, your efforts will be even more appreciated. Also, I would like to recognize the entire student body for exemplary behavior both in and out of the classroom. You have all done yourselves proud. Recognition is also extended to the faculty, staff, and administration; your enthusiasm, dedication and professionalism is without parallel. Of course, thanks is also due to our parents and guardians who play such a key role in helping us teach our students.

Finally, to the Class of 2010... You have conducted yourself in a manner that truly reflects the Cub legacy of excellence that precedes you. May your future be bright and your dreams worthy.

Go Cubs!

National Board Certified Teacher and UHS Teacher of the Year
The 2009-10 school year has been a very successful one for the elementary division of the Laboratory School. Faculty members have been involved in training over 3000 educators from all over the country. Our division has hosted over 200 teachers and administrators for observations and conversations about the model practices we employ here. In addition, Joanne Farber was chosen as the National P.E. Teacher of the Year.

Each grade had special memories this year, but some events were truly special. Grandparent's/Grandfriend's Day is always the highlight of our year. Our student-led conferences were a great success with students sharing their work with parents. Rollerblading, fishing, Ellis Island simulation, Mother's Day Spa, Jump Rope for Heart, the Juvenile Diabetes Walk, and the outstanding progress made by our students academically were truly outstanding.

I would like to thank all our parents, grandparents, and supporters for the opportunity to work with your children and grandchildren. Our "Village" really works together to make this school the exemplar for the nation. We couldn't do our work without you. Special thanks and kudos to PTA who stepped up and provided an incredible face lift to our faculty restroom facilities.

I have now completed 41 years in education and I have never worked with such a dedicated, caring, knowledgeable group of educators. They have worked tirelessly to support the children they teach. They are often here on Saturday, Sunday, and even until 8:00 in the evenings. I am grateful for the opportunity to work with such outstanding professionals.

Our entire faculty and staff would like to thank the custodians, cafeteria workers, and secretarial staff for the extra mile you provided for our division.

Seasons, I'm so very proud of your accomplishments. It has been a pleasure watching you grow academically and personally. Keep up the good work and please keep in touch as active alumni. We'll certainly miss this outstanding class.

Sincerely,
Dorothy P. Rumfellow

To the Seniors of 2010:

In 1997, the seniors and I arrived at the Lab School together. I was uncertain that Baton Rouge would be my home for very long; you had no choice in the matter. Thirteen years later, we are still here. I am set in place happy with my surroundings. You, on the other hand, are moving away from this very secure environment. It has been a pleasure to watch you grow from goofy kindergarten students, gawky sixth graders and awkward freshman into confident seniors ready for your next adventure. A famous soul group from the South Carolina coast sang a song in the sixties, Be Young, Be Foolish and Be Happy. The lyrics to that song are my advice to you along with a gentle admonition, work hard and play hard and always in that order.

Sincerely,
Dr. Albert Camburn

Emily Greer, a Hero in the Making, article from The Whole Girl: Life is Beautiful. This article discusses the life of Emily Greer, a young girl who has overcome incredible obstacles to lead an amazing life. The author, Anne Marie Johnson, explores Emily's journey from her childhood struggles to her current success. Emily's story is inspiring, and the article highlights her resilience and determination.

The article begins with a quote from Emily: "Life is beautiful, and I choose to live it." This sets the tone for the rest of the article, which is filled with personal anecdotes and insights into Emily's life. The author interviews Emily and other individuals who have been impacted by her story, providing a richer understanding of Emily's character and her impact on others.

Throughout the article, Johnson uses vivid descriptions and quotes to paint a picture of Emily's life. The author also includes quotes from Emily's friends and family, adding a personal touch to the story. The article is well-researched, with a good balance of direct quotes and paraphrased information.

The article concludes with a call to action, encouraging readers to support Emily's cause and to spread her message of hope and inspiration. Overall, this is a well-written, engaging article that will motivate and inspire readers.

A long year has finally come to an end. We worked up until the last minute trying to finalize spreads and make them the best they could be. Thanks Ms. Tarver for learning with us this year and taking over for our long time advisor Ms. Young. We would like to thank all of the people who sent us photographs, especially Mr. Samson. The staff made it through tough days, missing members, and horrible cds made by an unwanted visitor. Good luck to Lauren and Morgan next year for taking on this monumental task- plan wisely and have fun with next year!

Much Love,
Karin Schultz and Anna Mitchell
