University Laboratory School
Baton Rouge, Louisiana
Director’s Message
Dr. Wade Smith

As you look back on the memories contained in this yearbook, I hope it is that they will only become more valuable with time.

Good luck and best wishes to the Senior Class on the journey that lies ahead! You have collectively and individually represented our school and your class with honor and distinction and you are always welcome at U-High.

The final chapter is not yet written for the rest of our students at University. For some students there is only a year or two of high school left while for others the journey has just begun. Regardless, when the time comes to leave, I trust it will be accompanied by a well-deserved sense of accomplishment and pride.

The students, faculty, staff, and families that comprise the Cub family collectively convene to make this one of the finest schools in America. Thanks to you all for your contributions.

Go Cubs!

In the future, when you look at your yearbook, memories of your years at the Lab School will spring forth. These memories will be both individual and those you have in common with the members of your class. After high school, you will have many interesting experiences and more memories will fill your life. The memories you have as the University Laboratory School Class of 2011 are the ones that form your foundation and will be with you forever.

The faculty and I have many memories of your class as well. My time with you began when you were kindergarten students. When you reached the sixth grade, I watched you more closely. We have watched you grow from awkward little students negotiating the cafeteria to seniors anxiously poring over college applications.

May all of your memories be good and cherished throughout your life. We would like to think that we have helped you grow with a belief in life-long learning. We believe that you have received an education that will serve you well throughout your lives, and the memories within these pages will serve you in those quiet moments when you turn your thoughts back to your days spent with us. My gentle admonition to you is work hard, play hard and always in that order.

On behalf of the faculty, staff and administration, we wish you health, happiness, and success throughout your lives.

Robert and Christopher,
You've always made us so proud!

Hannah, Holly, Emily, and Taylor

Best friends forever!
We will never forget our memories together!
Thank You for all the great years!!!

I Am:

I am in control and hell on wheels.
Wonder about nothing; I know everything.
I hear them talking, but it doesn't matter.
I see your point; do it anyway.
I want my students to think Faulkner's funerals are funny.
I am in control and hell on wheels.

I feel NUTS without my soy.
I teach the future - I teach.
I worry I may sneeze during a faculty meeting.
I cry when I see pictures of my grandchildren.
I am in control and hell on wheels.

I understand all the intricacies of Existentialism.
I say, "Let's go to Nina's on me!"
I dream of retiring wealthy.
I try to squeeze 26 hours into my day.
I hope I will never fall out of my car again.
I am in control and hell on wheels.

“ A Million Things”

You could've been a million things,
A lawyer or a vet,
A gardener, a golfer,
Director on a movie set.

You could've been a doctor
and drive a fancy car.
A singer, or an actor
you could've been a star...

And so we hope the sacrifice
is worth the hearts you reach
Because you chose to use your gifts
to guide, to love, to teach.

We are forever grateful
For the blessing your work brings
The opportunities that someday
We could be a million things

The year has finally come to an end and the yearbook staff has worked hard to make the spreads the best they could be. The staff made it through the tough times of missing links and trying to get unsent pictures. We would like to thank Dr. Tarver for being our advisor and a patient teacher. We are looking forward to another great year next year.

Love,
