# SOCIAL STUDIES DEPARTMENT INSTRUCTIONAL PLAN

## PHASE 1

### ALL VIRTUAL

- All instruction will be delivered virtually. Students are expected to check email and classroom management platforms daily. Google classroom will be used in 9th and 10th grade classes and non DE or IB 11th and 12th grade courses. DE classes use Moodle and IB courses use Google Classroom and (ManageBac used for specific purposes). Instructors have this information listed on their syllabi. Attendance will be monitored via course management system daily and all assignments are turned in via management system.

## PHASE 2

### Instruction for non DE and IB courses

- Most courses will take an A/B approach. Teachers are attempting to plan weekly and give students a preview of assignments for the week. New information will be presented in person and supplemental and practice activities will be posted on Google Classroom for additional learning at home. Teachers may record a lesson or Zoom and post on Google Classroom. Students will be expected to complete assignments or check in on Google classroom on their virtual days. This is how attendance will be checked on those days. Email must also be checked daily.

### Virtual Days

## PHASE 3

### ALL FACE TO FACE

- All students receive face to face instruction daily, Monday-Friday. Google Classroom, Moodle (DE) and Google Classroom (IB) will still be used to post assignments, supplemental material, turn in electronic assignments, and communicate with students. They are still expected to check these management systems and email daily.

## BASIC INFORMATION

- Face to face assignments may be turned in at school. Electronic assignments and assignments from home are turned in via Google Classroom for non DE or IB classes. DE uses Moodle and IB uses Google Classroom. Specific IB courses and assignments will require the use of ManageBac. Instructors will inform students of when this is necessary.

- Fridays will be used for test reviews, new lessons via Zoom or Google Classroom, individual conferences, etc. This will be determined by the teacher on a weekly basis. Again, check email and the course management system daily. Attendance is taken on Fridays by completing the assignments via management system used for the course.

- Office hours and support will be provided during planning periods (listed on syllabi) and by appointment.

- Please see syllabi for grading, late work, and absentee policies.
